A SOLO EXHIBITION BY ARTHUR

WHO THE FUCK IS ARTHUR?

Born and raised in West London, Arthur has been heavily involved in graffiti since his early teens, painting his instantly recognisable blend of vibrant and bold artwork across London's underground network.

With a 20 year-long graffiti career under his belt, Arthur has worked with some of the biggest brands and best artists in the world, showcasing his signature style of artwork at renowned venues and exhibitions such as Miami Art Basel.

The West London-raised artist began spraying trains as a 12-year-old. He has evolved to start painting professionally in his mid-twenties for big brands and TV - such as Big Brother.

Who the Fuck is Arthur takes you on a journey through his career, and shows his arrest warrants, letters from the youth offending team, and pictures of early graffiti, giving in his own words an "honest and open introduction to my life as an artist."

The show documents his evolution to contemporary abstract art with the work featuring "elements of my dreams, my fears, my wins and my losses". Arthur has already gained huge popularity amongst galleries and collectors worldwide, the show will secure his place as one of the most exciting artists of his generation.
